 - 8.3. Salida Fire Protection District: **Pat Burns** – 1700 calls total for 2019. Averaging 16 – 17 minutes for response time. Which they would like to improve on. Weed abatement calls require notifying the homeowner and gives them 30 days to clean things up. Calls are routed through the county. They are still looking at how to propose and property tax increase. Fees were set in 1992 and its not enough. Any tax would require 66% approval of voters.

 - 8.5. Stanislaus County Board of Supervisors: **Terry Withrow** – County is doing well financially. Reserves are there. City of Modesto has an urban limit line proposal. Homeless issues are improving and they are constantly transitioning more people into permanent housing. Reuben Imperial is doing a great job. **Erica Inacio** - Checked into codes regarding street flower sales, nothing can be enforced with current laws. County has specific policies and fees associated with installing humps or bumps requests. The census is coming – can be completed by phone, mail or online. Supervisor Olsen will be giving the State of the County Speech on March 17th. Provided a handout regarding the coronavirus.
 - 8.6. Modesto Irrigation District: – **Stu Gilman** – reported March 3 water was released into canals. Only a 36” allocation for this year instead of 42” Farmer to farmer program could be reactivated. This will be taken up at the board meeting March 24th at 9am. He also made a trip to Washing and met with Representative Harder and staff. The regulating reservoir is complete and a couple of tours are planned.
